# Set-up Guide

Nightlife

1. Sliding Panel Settings

The sliding panel area is located on the theme below the menu bar. You can choose the category to display on sliding panels and the number of panels to display in the Media Mag options page in the admin panel.

2. Using thumbnails via custom fields.

The images shown in the sliding panel are added using custom fields. When you make a post you can create a custom field with the image you want to associate with that post. How it is done is explained below.

1. Go to Admin panel > Write post
2. Give post title, and write down the content.
3. Select Add *media > Add an image > Upload your choice of image* **(size 200px X 120 px)**
4. Scroll down to the *Custom field area* and set the key name as *homethumb* (case sensitive) and *enter the name of the image* you uploaded in the value field.
Make sure you enter the name only in the value field, not with .jpg extension.
5. Then add the custom field to the post.

3. Banner ad Settings

There are four 125x125 banner ads located on the sidebar. You can enter the banner image url and the link via theme option page.
