

# **Red Press**

**Premium Wordpress theme**

# **Set-Up Guide**

## Step 1: Download and install Red Press:

You have already downloaded the zip file *redpress.zip*. You will find 2 folders in the theme pack.

### 1. Red Press Theme

### 2. Plugin required for the theme.

Upload the the plugins to your *site/wp-content/plugins* folder via FTP. Once uploaded, go to the plugin section of your wordpress admin panel and activate the plugins. Next upload the theme folder to your *site/wp-content/themes* folder via FTP. Once uploaded activate the theme via the design section of admin panel.

## Step 2:

**Customization:** Once the theme is installed go to the custom theme option (*redpress Option*) page of the Red Press theme. You will find different options which deals with the various modules of this magazine theme. I will explain them one by one.

### 1. Featured Post slider

You can setup a featured post slider section. From the theme option page you can select the category for your featured posts and the number of Images to be displayed.

**Featured Post slider**

This section customizes the sliding panel area and the number

---

**Slider Post Category:**  

Select the category from which you want to display the slider posts.

---

**Number of posts:**  

Select the number of posts to display .

---

# THUMBNAIL IMAGES AND SLIDER IMAGES

The post thumbnail images on the index page and the images on the sliding panel are setup via customfield feature of wordpress.

How to create this customfield is explained below.

Scroll down below the text editor and find the customfield section.

In the "Name" section, input "preview" (this is case sensitive).

In the "Value" area, input the relative path to the image uploaded to your own server. Images from remote links will not work.

Your image will automatically be resized and cropped.

## 2. Banner ad Settings

There are four 125x125 banner ads located on the sidebar. You can enter the banner image url and the link via theme option page.

*Sidebar 125 x 125 banner Settings*
